Diagnosis: Thalassemia

She is receiving treatment for thalassemia and required essential injections.

HHF provided financial assistance of **₹24,150** towards treatment at the Thalassemia Sickle Cell Society.

SUCCESSFUL STORIES

Mr. Syed Yakub (27/Male) is suffering from Chronic Kidney Disease (CKD) and is undergoing treatment at Osmania General Hospital. Due to his illness, he faced difficulty earning a livelihood and supporting his family. He is the sole earning member of the family, while his father is physically disabled and works as an auto driver. Yakub has three young children who depend on him.

To help him become financially independent and support his family, HHF provided a motorcycle worth ₹55,000, enabling him to earn a sustainable income despite his health challenges. In addition, HHF provided ₹35,000 towards his AV fistula surgery at Asian Hospital, ensuring continued access to life-saving dialysis treatment.

Total financial assistance provided by HHF: **₹90,000**.

This comprehensive support has brought hope, improved access to treatment, and greater financial stability to the family during a difficult period

THANK YOU
